No 10655-7—69, DATED 15TH DECEMBER 1891.

ORDER THEREON.—The foregoing papers relate to the Inam endowments of the Sringeswara Temple at Kigga in the Koppa Taluk. At the Inam enquiry, the Inam Assistant found that the Inams in question consisted partly of lands held in the name of the temple and partly of cash payments to the temple by holders of Sarkar Wargs as per details in the margin. He accordingly recommended the confirmation to the temple of lands assessed at Rs. 1,462—14—8 and the payment of Rs. 617—11—8 in cash from the Government Treasury. The second recommendation was made on the authority of the Chief Commissioner's Notification No. 189, dated 23rd October 1873, and upon the assumption that the Inamdar was different from the Wargdar in actual enjoyment of the land.

	Cash Payments.			Land.			Total.		
Jari Inams ...	228	4	2	322	6	0	550	10	2
Chór Manya ...	389	7	6	1,140	8	8	1,530	0	2
Total...	617	11	8	1,462	14	8	2,080	10	4

2. In finally dealing with the case, the Inam Superintendent was of opinion that all the Wargs were not held by the temple itself and that the "Wargdars are separate and the proportion of land not identifiable." He accordingly confirmed to the temple a ready money Inam of Rs. 2,080—10—0 to be paid from the Government Treasury. As a result of this settlement, the lands which were in the name of the temple as well as the Inam portions in the Wargs of raiyats were fully assessed and registered in Government Books, the former in the names of the raiyats who were previously cultivating them on behalf of the temple and the latter in those of the Wargdars themselves. Such registration was objected to by the raiyats, who freely admitted the fact of the lands in question being temple property, and upon their voluntary application, all the lands were eventually transferred to the name of the

temple, which now pays to Government the full assessment of Rs. 3,676 thereon and receives from Government a cash grant of Rs. 2,080—10—0.

3. The Parpattegars of the temple—Bhistappaiya and his son—as well as the raiyats interested in the temple have been complaining ever since 1877 against this settlement. The members of the Koppa Taluk have, year after year, spoken in the Representative Assembly in support of the complaint. They contend that the full amount of the original shist on the lands in question constituted the Inam to the temple, that no quit-rent or land revenue was ever paid by the temple into the Government Treasury and that the benefit of any increase of revenue due to Survey settlement should accrue to the temple (*i. e.*, the Inamdar) and not to Government. Such a contention was anticipated in the late Chief Commissioner's Proceedings No. 5838—657, dated 3rd February 1880, but was declared to be contrary "to the principle, recognized and acted upon throughout the Malnad, that Inam grants consisted of mere assignments of revenue and conveyed no grants of the lands themselves." The Government observe that the above principle, however sound as regards the great bulk of Inams in the Malnad, which are incapable of identification, is not of exclusive application, and cannot justly be extended to cases in which the Inams may be proved to be land Inams and capable of identification.

4. From the proceedings held in the case and from the enquiry of the Inam Assistant and his opinion as recorded in the Inam Registers, it is evident that the Inam in question was a *defacto* grant of land and not a more assignment of revenue, and there is no doubt regarding the identification of the Inam lands, nor is there any adverse claim from any Wargdar or occupant in possession. As a matter of fact, the raiyats (Wargdars) who were asked to have the lands registered in their own names declined to do so and when the lands were registered in their names against their wish, they voluntarily resigned them in favor of the temple.

5. Having regard to the facts proved as above, and to the great antiquity of the temple and the endowment, the Government are pleased to direct that the lands which represented a Beriz or assessment value of Rs. 2,080—10—4 according to the Inamti Accounts of 1838 be confirmed to the temple as Sarvamanyam. A statement of these lands showing the old numbers and the names of the old cultivators is appended. The Survey numbers, area and assessment of these lands (which are already in the name of the temple as occupant) should be ascertained and entered as Sarvamanyam in a fresh Inam Title-deed which should now be granted to the temple in lieu of the one originally issued by the Inam Department. A copy of the new Title-deed should be furnished to this Office for record in the Muzarayi Department.

6. The Parpattegar of the temple represents that the expenditure in the temple has increased considerably owing to rise of prices and other causes since the revision of the old Tasdik Patti in 1852. The Muzarayi Superintendent is requested to take up the matter and, after due investigation, to submit proposals for revision of the Tasdik Patti with due regard to the present revenue and requirements of the temple.

Sir,

With reference to your docket No 1186 "M.T.108 92 dated 3d May 1894, requesting submission of a Copy of Jasdik Patti now in force, together with a statement of Receipts and Expenditure of Sri Sringeswara Swami Temple at Kigiga, Koppa Taluk, as they at present stand, together with proposals regarding the revision of the Jasdik, I have the honor to submit herewith 4 statements in Canarese marked A. B. C. and D. shewing the Receipts and Expenditure as per Jasdik on account of Puditharu and pay of Temple Servants, together with proposals of revision against each item under the respective heads.

2 Statement A shews the aggregate receipts under all heads in favor of the

institutions amounting to Rs. 4872-3-9 as per particulars noted in the margin. B. shows the income and expenditure under Pattikavu, Deepavu thara, Nedakoshattil, etc; C. the pay of the Establishment of the Temple Service, and D. is a copy of the original Jasdik patti submitted by the Amildar.

C. Establishment charges	1094 4 5	2059 " "
Total Expenditure	2192-5 10.	3841-12 2

The Taluk Authorities originally submitted statements amounting respectively to Rs. 3803 as receipts and expenditure. This is being found to be vague, the Amildar was directed to send in revised statements which he did as above. Even in this, the total of the proposed expenditure was exhibited as Rs. 4318 12-2. When the Manager Assistant Commissioner visited the spot, he checked this in consultation with the Vaikinat dar and other principal devotees (Amildar being present.). With the concurrence of the above per and taking into consideration the import-

...ance of the institution, its position in close proximity to Srirangam (2 miles) and the present ...ence of maintenance the proposed Expenditure could only be brought down to Rs. 20,91-12-2.

2. Provision is made on Statement marked 'A' for the entertainment of 8 more additional Guards as the strength now existing, which the Talwadkar and others urged as indispensable.

3. The temple has also valuable jewellery ... above Rs. 1,93,59,911-6 Hence the management of the temple chiefly rests on the hands of Visweswaraya alone, the Amildar having but a nominal supervision unlike those of other important temples like Kalasa. With all these Vicissitudes Visweswaraya seems to have been paying particular attention towards timely worship. With the revised scheme as above proposed and the appointment of Dharmadarsi, as per para 1 of this day's letter No 630 dated 10th instant it is hoped that the affairs of this Temple will come to a system, and be placed on a better footing.

4. The circular correspondence ending with the Inspector Amildar's No 94 dated 13th June 1876 is also returned for favour of perusal and return.
